Call for Kerzner and Project of the Year 2008 Award Nominations!

NEOPMI Awards Committee is currently seeking nominations...

Awards will be presented at our January dinner meeting tentatively scheduled for January.

The **Kerzner Award for Project Management Excellence** recognizes and honors an individual who has demonstrated significant contributions and continual commitment to the project management profession; enhancing project management concepts, practices and techniques.

The **Project of the Year Award** recognizes and honors the premier project in the Northeast Ohio area for the year, taking into account the use of project management principles, particularly the PMBOK in the planning, design, construction and implementation of the project.

Award Nomination Procedure

All nominators must be a member of PMI and must have personal knowledge of why the individual or project is being nominated.

All nominations must be received by Friday November 23, 2007.

The nomination committee will review all nominations and notify nominators of their decision by December 14.

Contact Nevila Gjini, Awards Committee Chair at poy@pmineo.org for more information.

PMP Study Group

PMP Study Group

Monday, January 12 2009

One of the most important missions of our PMI Chapter is to both encourage and aid our membership in pursuit of continuing professional education. In keeping with this mission we are organizing our third PMP certification study group. The previous two groups have been very successful in helping participants successfully pass their PMP exam and improve their knowledge. This program is built around student participation and will be led by a very knowledgeable instructor/facilitator.

The next planned sessions are slated to start in January 2009 and runs for 13 weeks. Meeting locations and the day of the week for meetings will be determined based on the location / preference of the attendees who register.

Cost: This program is free to all current members of the Chapter.

Our Chapter has a great track record in presenting programs that are geared to professional growth and we are excited to be able to offer this program once again.

So if you are interested in improving your knowledge and furthering your career why not start 2009 with a PMP certification?

Project Management with Dr. Harold Kerzner

Project Management According to the *PMBOK® Guide: an Introduction to PMP® Certification* provides comprehensive training in the principles and core process areas of project management. Dr. Harold Kerzner will introduce new management concepts and provide essential principles for professional success. This course provides **24 project management education hours** which can be applied toward the 35 project management education hours needed to sit for the PMP® exam.

Winter 2009:

January 20, 21, 22, 2009; \$1795

8:30 am - 4:30 pm

[B-W East, Beachwood, OH](#)

Spring 2009:

April 1, 2, 3, 2009; \$1795

8:30 a.m. - 4:30 p.m.

[Baldwin-Wallace, Berea, Ohio](#)

Textbook, workbook, refreshments and lunch included in course fee. This course provides 24 credited hours toward the 35 hour project management education requirement set by [PMI®](#). You'll receive the latest edition of *Project Management: A Systems Approach to Planning, Scheduling and Controlling*, a copy of the *PMBOK® Guide*, and a comprehensive course workbook.

Target Audience:

Project Managers, team members, field staff members, project engineers, design engineers, project leaders and administrators, manufacturing engineers, operating managers, functional managers, R & D managers, and information technology professionals. The program will benefit executives, managers and supervisors of all industries and government agencies who are concerned with effectively managing ventures and projects on time and within budget.
